US EPA RECORDS CENTER REGION 5

464819

DATE: August 18, 1980
TO: Joe Petrilli
FROM: Jerome D. Oskvarek *JDO*
SUBJECT: Ohio/Eckhart Report
Inland Landfill, Cuyahoga County

A review of pertinent file information and a previously prepared Preliminary Assessment Form (USEPA Form T2070-2) which was completed by the Ohio EPA, has been accomplished for the subject site. This site was listed in the Eckhart Report and has been researched pursuant to TDD# F5-8008-3.

In reviewing and updating the OEPA completed preliminary assessment, it is our opinion, based on this information, that a low priority ranking be given to the site. This ranking is based on the following factors:

1. The site is monitored on a regular basis by the local Health Department and the Ohio EPA since the site is operated under permits granted by local and state agencies.
2. As of May 9, 1980, site was in compliance.
3. No reported health or illness problems.

On the basis of this information, no further action is required but, the following recommendation is made:

1. The site be monitored on a regular basis by local agencies, with particular attention to be paid to leachate since previous owners had problems in this regard.
